GENERAL INFORMATION

1. Time / quantity limits:

a. Controlled Substances (Schedule II-V)

(1) Prescriptions written for Schedule II medications must be filled within 30 days of the date written. Quantities are limited to 30 doses for acute pain and 30 days supply if used to treat chronic pain. Prescriptions for ADHD therapy may be written for up to a 90 days supply. No refills are authorized.

(2) Prescriptions written for Schedule III-V medications must be filled within 180 days of the date written. Quantities are limited to 30 doses for acute pain and a 30 day supply used to treat chronic pain. For other schedule III-V medications, the maximum quantity is 30 days supply and 5 refills. These prescriptions expire 6 months after the date the prescription was written; refills remaining after the expiration date will be void.

b. All other prescriptions must be filled within one year of the date written. Quantities are limited to 90 days supply with 3 refills for maintenance medications, with the exception of oral contraceptives, which are available as up to a six-month supply. These prescriptions expire 12 months after the date written; refills remaining after the expiration date will be void.

2. Telephone, photocopy, and fax prescriptions will not be accepted. Transfer prescriptions will be accepted only if they originate from a military medical facility; bring the current bottle or package with the label on it to the pharmacy.

3. Refills must be called in: [360-257-9701 or 360-257-9705] or requested via internet at the hospital web page: nhoh.med.navy.mil. Prescription refills take 2 working days (excluding weekends and holidays) to process and may be picked up at the main hospital pharmacy only.
